Two days is the ideal
amount of time to
experience Salzburg
and its exciting contrasts.
If you stay three days
you have multiple options
for exploring the Salzburg
region and its stunning
surrounding area.

DAY 1 HIGHLIGHTS OF THE OLD TOWN

After breakfast, take the lift up to Mönchsberg, where you can visit the **Museum of Modern Art Salzburg** and enjoy the exceptional panorama of Salzburg. A short walk further on from the Richterhöhe, you will find **Hohensalzburg Fortress**, the city's famous landmark. Interested in history? Don't miss out on a guided tour!

Head back down to the old town, either via the **fortress funicular** or on foot along Festungsgasse. Festungsgasse leads you into Kapitelplatz, where you will see a modern work of art – **Sphaera** (a man on a golden ball).

Head through Domplatz with its magnificent **cathedral** to Residenzplatz and the famous **Residenzbrunnen** fountain. If you arrive at the right time, you might just get to hear the **Salzburg Glockenspiel** – **Carillon**, which is located

in the **New Residence**. After a short visit to **St. Michael's Church**, Salzburg's oldest parish church, you can head over to Mozartplatz, where you can marvel at the statue that it is dedicated to the city's most famous son, after whom the square is named.

Continue your walk on to **DomQuartier Salzburg**, an imposing baroque museum complex which opened its doors in 2014. Here you have the chance to experience an extraordinary museum tour, where stories of power, art history and architecture are presented in a unique interplay. Starting in the residence, you can wander through the state rooms, the Residence Gallery, the **Cathedral Museum** and the **Museum of St. Peter**. Equally impressive is the **Rossacher Collection** of the Salzburg Baroque Museum in the North Oratory. In addition, the new museum tour offers new, imposing views over the city of Salzburg and the surrounding mountains.

A stroll along the historic **Getreidegasse** with its many passages is an utterly must. This is also where you will find **Mozart's birthplace**. From here, continue on to the **Siegmundstor** and then to **Herbert von Karajan square** with the impressive **Pferdeschwemme** horse well. Just round the corner you will find the **Festspielhaus**, the **Felsenreitschule theatre** and the **Haus für Mozart**.

For dinner we recommend regional cuisine – just scan the QR code on the right and choose one of our favorite restaurants. night owls are spoilt for choice: the area surrounding the busy **Anton Neumayer Platz** is home to several hip bars and clubs where you can dance the night away.

A few more ideas for your first day in Salzburg: Definitely worth a look are for example the **Petersfriedhof cemetery**, **St. Peters Abbey** (there's a quaint little restaurant in the cellar here!) and the **Franciscan Church**.

DAY 2 EXPLORING THE NEW TOWN & TRIP TO HELLBRUNN

After the famous old town, today's agenda is a journey of discovery through the new town: just 5 minutes away from the hotel you will find yourself at the **Kongresshaus** (also known as Salzburg Congress). Here you can also visit **Mirabell Palace** with its enchanting garden as well as the **Dwarf Garden** and the **Baroque Museum**.

Carry on through **Dreifaltigkeitsgasse** to the **Dreifaltigkeitskirche** (Holy Trinity Church).

The **Mozart residence** (Tanzmeisterhaus) is also just round the corner. From here it's just a gentle stroll along **Linzer-gasse** to the **Sebastianskirche**. The **Sebastiansfriedhof cemetery** is also worth a visit – it is the final resting place of Mozart's widow and his father Leopold. If you're hungry, we recommend to stop off at the **10 Fidele Affen restaurant**. From the medieval **Steingasse** it's quite a climb up to the **Kapuzinerberg**, which is rewarded with a great view over Salzburg. Beside that there is also a path leading directly to the **Kapuzinerkloster** (Capuchin monastery).

You get a very special impression of the city from the **Salzach**: from April to October, you can explore Salzburg by water on the "**Amadeus**" cruise boat. The "**Amadeus**" will take you to **Hellbrunn**, where you

can marvel at the famous palace and its magnificent gardens. Don't miss the **trick fountains**, the famous **gazebo** from "The Sound of Music", or the **stone theatre**. In July and August, you can also return to the centre by boat; otherwise, take bus route 25.

Here you will find a recommendation of our favorite restaurants, cafes & bars in Salzburg. Just scan the QR code.

DAY 3 THE BEAUTIFUL SALZBURG REGION & GUIDED TOURS

ORIGINAL SOUND OF MUSIC TOUR

The live Sound of Music Tour guided tour chauffeurs you to the original film locations in and around Salzburg and shows you where **The Sound of Music** was filmed.

The tour starts at **Mirabell Gardens** and carries on to **Leopoldskron Palace**, **Hellbrunn Palace** and **Nonnberg Abbey**.

From here the tour takes you further into the **Salzburg Lake District** to **St. Gilgen**, and finally to **Mondsee**, where you can visit the famous church where **Maria** and the baron got married.

4 hours

6 hours

HALLSTATT TOUR

This tour takes you directly from Salzburg to **Hallstatt**. During the journey of around 1 1/2 hours, you will pass several well-known bathing resorts such as **Fuschl**, **St. Gilgen** and **Strobl**. Once in **Hallstatt**, you have 2 hours to explore the romantic setting of **Lake Hallstatt**. The return journey takes you via **Gosau**, **Russbach** and **Abtenau**.

4 hours

SALZBURG SALT MINE TOUR

This tour takes you along the banks of the **Königssee** via the **Alpenstraße** and up to **Obersalzberg**, where the leaders of the **Third Reich** resided once. The journey then continues to the highlight of the tour – the 490-year old salt mine in **Berchtesgaden**. Here, you put on the miners' original protective clothing and travel down into the mountain interior by a mine train. After the 1 1/2 hour tour, you are free to explore **Berchtesgaden** on your own and sample a couple of **Bavarian specialties**.

TOUR OF THE KEHLSTEINHAUS OR EAGLE'S NEST

The **Eagle's Nest** tour departs from **Mirabellplatz** and takes you via the **Alpenstraße** to **Obersalzberg** in neighbouring Bavaria. From here, specially equipped buses will transfer you along a 6.5 km narrow road with a gradient of 22% to the top. The access road to the **Eagle's Nest** is a masterpiece, blown out of the solid mountain rock in just 13 months. At the top of the road, a magnificent lift takes you up the last 124 metres to the top. The plateau outside the **Eagle's Nest** offers imposing panoramic views over the entire Alpine region.

4,5 hours

TIP!

THE WORLD FAMOUS BOSNA!

The **Bosna**, a tasty and hearty snack, is certainly not to be missed when visiting Salzburg. The best **Bosna** can be found at the place of origin, the **Balkan Grill**, a small stand in one of the famous passageways between **Getreidegasse** and **university square**.

TIP!

THE SALZBURG ALMKANAL

Mönchsberg underground & surfing on the wave!

The **Almkanal** is the oldest central European water supply system. It supplies our city with fresh water directly from the Alps. Every year in September, the **Salzburger Almkanal** is dry-laid and cleaned to the traditional "**Almabkehr**". Then you have the opportunity to walk through the mysterious underground under the **Salzburger Mönchsberg** and go on treasure hunts. The whole year we can surf on the **Almwelle** in the south of Salzburg. An artificial threshold creates a big wave, so it is possible to surf in the middle of the city.

Salzburg in just one day? No problem! Here are the main attractions of the city, which you can easily manage in one day.

DAY 1
HIGHLIGHTS OF
THE OLD TOWN

From the hotel, start by walking along the banks of the Salzach (stop at Müllnersteg for one of the best photo spots in the whole city, with great views of the old town) until you reach Mirabell Palace and the beautiful Mirabell Gardens. After a quick visit to Mozart's house, cross the Salzach via Makartsteg, and take the lift next to the "Haus der Natur" museum up to the Mönchsberg. From here you have a great view over the whole city. Then it's back down to the Pferdeschwemme horse well, along Hofstallgasse and past the world-famous Festspielhaus, which encompasses the Haus für Mozart and the Felsenreitschule theatre, until you reach the Franciscan Church, Domplatz and Kapitelplatz. This spot can be described as the heart of Salzburg.

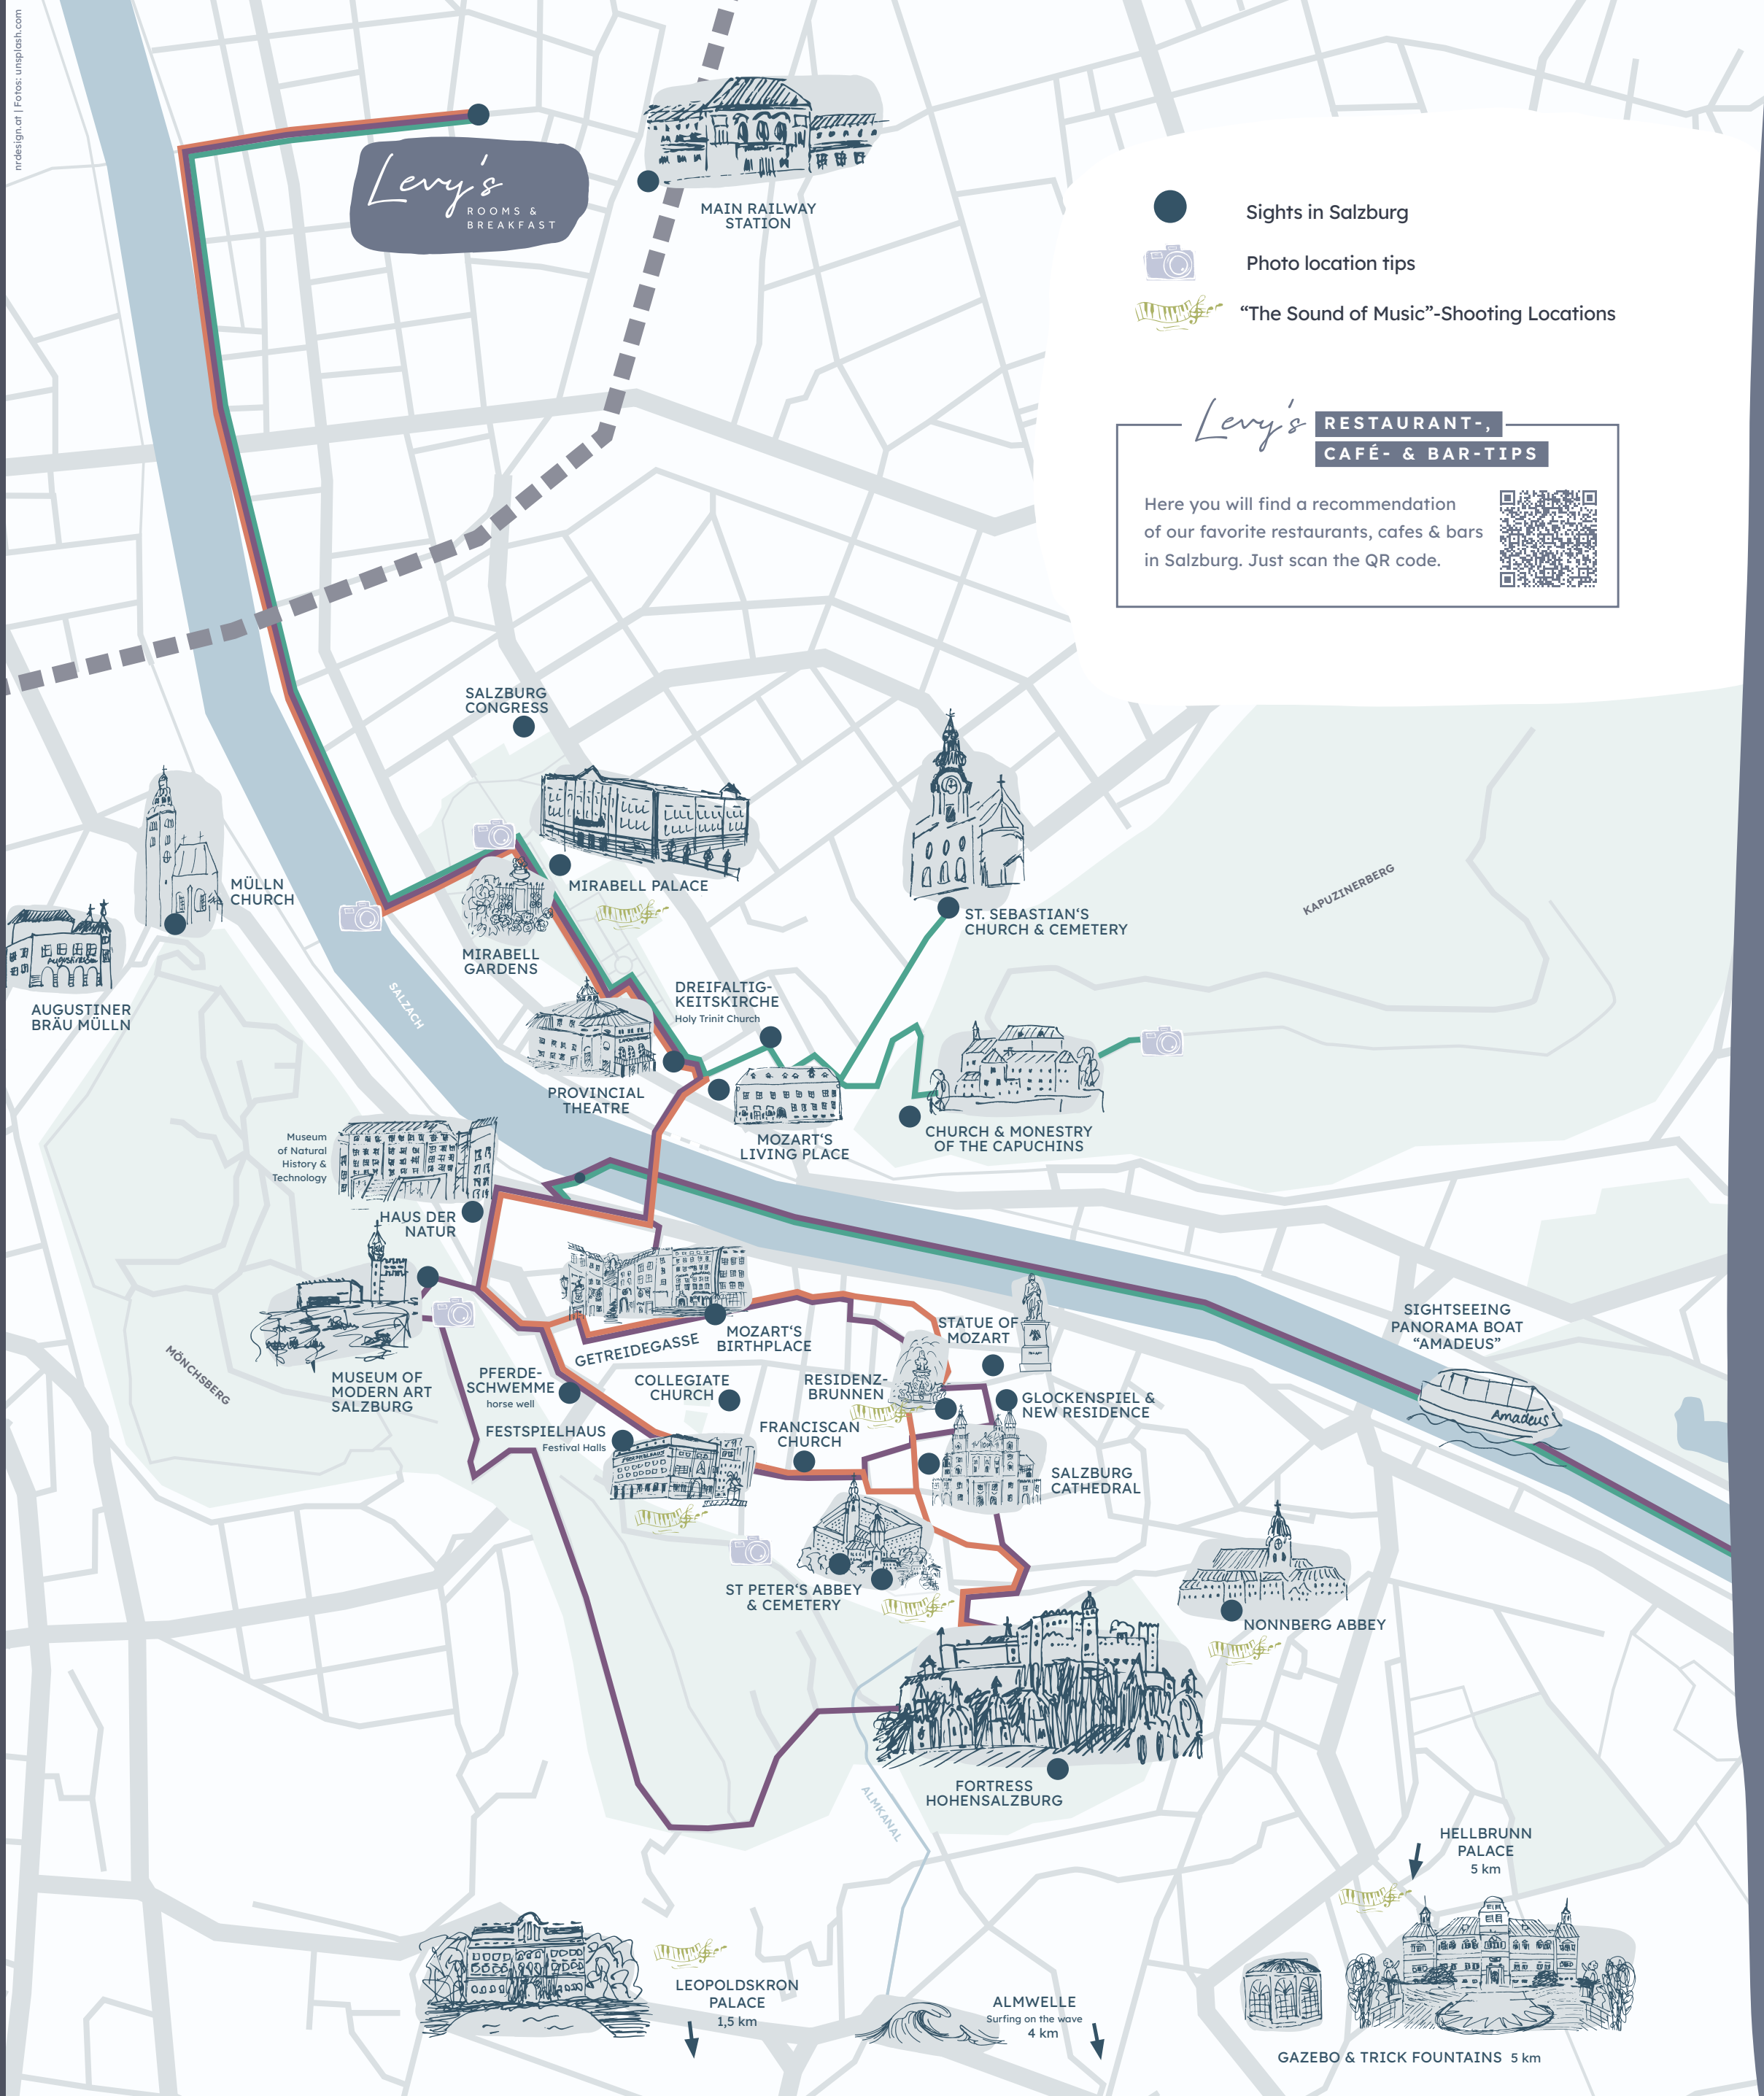

Now we are on the way up to Hohensalzburg Fortress, the city's famous landmark. After visiting the fortress, it's back to the old town. On the way back down you will pass many sights, such as Residenzplatz, and Mozartplatz with its mighty statue of Mozart. Head along Judengasse to the bustling Getreidegasse, where you will find Mozart's birthplace and countless passageways.

This route is also peppered with many culinary highlights: if you like it spicy, stopping off at the "Balkan Grill" bosna stand is a must (this is where the bosna was invented!). If you have more of a sweet tooth, head to the famous Café Tomaselli or Konditorei Fürst (this is where the Mozartkugel was invented) on Alter Markt and recharge your batteries with home-made cakes and tarts.

Next, head back to the Salzach and climb on board the "Amadeus" for a cruise towards Hellbrunn Palace. This magnificent estate is home to various filming locations from "The Sound of Music", the world-famous musical. In summer the park that surrounds the castle turns into a beautiful sea of flowers. Don't miss the gazebo from the film, the trick fountains, and the impressive stone theatre. In the late afternoon, take the boat back to the old town.

Such a sightseeing tour makes you hungry, so we have created a list of our favorite restaurants, cafes & bars in Salzburg. You can easily find our recommendations by scanning the QR code above.
